good**

Trolley bad

Misuse costs money If you see it - Report it!

There are currently over 1 million Dairy Milk Trolleys in circulation. The unlawful theft and misuse of these trolleys costs the industry over 3 million pounds a year. The Asset Protection Team, trading as part of Dairy UK and supported by Trolleywise has Dairy Trolleys under surveillance across the UK. We identify trolleys in misuse, investigate, recover and then repatriate trolleys that are in misuse back to their rightful owners.
